TRANSPORT UPDATE

Dear Parent

19/8/20

School transport will be up and running as normal from Tuesday 1st September.

EA guidance advises that unless your child has sensory issues or is too young to be able to manage, **all pupils should wear a face covering on school transport** for their own safety and for the safety of others. School strongly recommends that you adhere to this guidance.

Morning service will run as usual for yellow and blue buses.

In the afternoon the yellow bus will leave school at 2.00 pm to allow our pupils to be dropped off before the bus collects pupils at Ballyhackett. The Ulsterbus service will run at 3.00 pm. Pupils will be supervised until they enter the blue bus. We have requested that Ulsterbus collects our pupils at 2.30 but this will not be confirmed until Monday 31st August.

For our P7 pupils returning to school on Monday 24th August the yellow bus will be available for drop-off but pupils will have to make their own way home at 12.00 noon. If your P7 child needs to avail of this service, please ring the school office by 12.00 noon on Friday 21st August to confirm. The Ulsterbus service is not available next week as their EA contract does not start until 1st September.

Yours sincerely

Donna Winters
